

## Times Tables Homework Year 4 Autumn 2

Practice your multiplication tables and the related division facts every day. Children in Year 4 are expected to know every single multiplication and division fact up to 12X12! Every **Friday** you will complete a multiplication test - try and beat your score.

We will focus on learning the timetables below in lessons each week so practice them at home.

We will not have a test in the first week back due to the residential.
